

Dräger X-plore® 3500 Half Mask

A perfect combination of durability, protection and comfort. For harsh conditions and long duration use, the Dräger X-plore® 3500 half mask is the first choice.

Dräger „FlexiFit“ head harness

- Innovative, pliable material
- Ergonomic design
- Easy donning and doffing
- Excellent fit, remains in position on every head without trapping any hair
- Good pressure distribution: the head harness does not exert pressure, even under the helmet

Flexible nasal area

- Special design for extra tight fit and good shape – even with safety goggles

Compact „low profile“ design

- Side positioning of the filters and flat construction
- Excellent field of vision
- Good fit for use under protective
- Three sizes (S, M, L) are available to fit every face

Innovative X guide of the harness

- Very easy to adjust
- Optimal weight and stress distribution
- Excellent wearer comfort

„Drop-down“ strap system with neck clips

- Protection during breaks from work as well: The mask can be removed simply by opening the neck clips without removing the helmet
- Protected against contamination in standby position: the mask remains with its inside against the body

Safer bayonet-type connectorn

- Inserting the filters is easy: both filters are inserted from above and guided down to the connection point
- Cannot be fitted incorrectly

Benefits

Flexible nose area for secure fit

The special design of the nose sealing strip ensures leak free sealing and an optimal fit with safety glasses. Three sizes (S,M, L) ensure a perfect fit for every type of face.

"FlexiFit" head harness

The new smooth material provides an excellent fit to your head without hair entanglement. You won't even notice it under your hard hat.

Innovative "DrägerFlex" material

Specially developed for the mask body of the X-plore 3500, the "DrägerFlex" material combines hypoallergenic properties with excellent chemical resistance and protection.

Versatile use

The X-plore 3500 is equipped with two lateral bayonet connections for use with the comprehensive Dräger X-plore® bayonet filter series.

"Low profile" design

The swept-back position of the filters guarantees a wide field of vision free from obstruction and ensures optimal fit for use under protective visors. Furthermore, the comfortable design leads to the highest level of user acceptance.

Easily adjustable head harness

The innovative X-guided (cross over) strap system is easy to adjust and ensures an even weight and pressure distribution resulting in increased wearer comfort

"Drop down" harness

Allows you to remove the mask without removing a hard hat or faceshield. By simply opening the neck clips the respirator slides down from your face. While in the drop-down position, the mask sits close to your body, protected from dirt and grime.
