

Dräger X-pect® 8351 Protective Eyewear

Spectacles Dräger X-pect® 8351 combine protection against sun glare for professional and private use with highest wearer comfort, even in extreme conditions.

Benefits

Sun glasses for both professional and private use

The X-pect 8351 model offers optimal protection against sun glare with its grey tinted lenses. Due to the sportive and modern design these spectacles are used for both professional and private applications.

Perfect fit even in extreme conditions

The temple tips and nose bridge of the spectacles X-pect 8351 are made of rubber for a perfect fit even in extreme conditions like warm or cold atmosphere.

Anti-scratch and anti-fog coating

The X-pect 8351 feature an anti-scratch and anti-fog coating to ensure clear vision in the most arduous of situations.

Soft nose bridge

The X-pect 8351 spectacles are equipped with a soft nose bridge providing high wearer comfort.

Very robust but extremely lightweight material

The material of the X-pect 8351 spectacles is very robust and stable due to polycarbonate material but still extremely lightweight providing high comfort even during intensive use.

UV protection and best optical class

The X-pect 8351 offer the highest UV protection available and the best optical class for continuous work. Additionally, it is CE-certified in accordance with EN 166:2001. This means that all spectacles meet high quality requirements.
