

## Dräger X-pect® 8520 Protective Eyewear

Premium protection: Goggles Dräger X-pect® 8520. It provides wrap around design, low weight and perfect fit with prescription glasses.

## Benefits

---

### **Very robust but lightweight material**

The X-pect 8520 goggles are made of robust but lightweight polycarbonate material for high comfort even during intensive use.

---

### **Wrap around design and easily adjustable**

The wrap around design of the X-pect 8520 provides a perfect fit and protection.

---

### **Flexible PVC frame including indirect ventilation**

The X-pect 8520 goggles are equipped with flexible PVC frame for high wearer comfort including indirect ventilation to reduce fog during intensive use.

---

### **Shock absorption included**

The soft nose pad of the X-pect 8520 goggles ensures an optimum fit and optimum comfort.

---

### **Anti-scratch and anti-fog coating**

The X-pect 8520 goggles feature an anti-scratch and anti-fog coating to ensure clear vision in the most arduous of situations.

---

### **Excellent fit in combination with prescription glasses**

The X-pect 8520 provide an excellent fit in combination with prescription glasses and also together with Dräger X-plore half mask respirators.

---

### **UV protection and best optical class**

The X-pect 8520 offer the highest UV protection available and the best optical class (class 1) for continuous work. Additionally, it is certified in accordance with EN 166:2001 and is CE compliant. This means that all spectacles meet high quality requirements.
